Silver Cut - Affordable industrial quality

Ideal for small to medium fabrication and HVAC job shops

- This cutting table uses heavy duty industrial quality components for long term durability
- The Machitech Silver Cut is the most affordable industrial cutting machine on the market
- Can be converted from waterbed to downdraft system anytime
- Unitized design: easy to move and small footprint

FEATURES:

- Unitized system
- Table sizes: 5' x 5', 5' x 10' or 6' x 12'
- True dual drive, Zero back lash drive system
- Hypertherm conventional plasma cutters
- Machitech Automation CNC with 19" HD touchscreen
- CAD drawing, CAM cutting software included
- Automatic torch height control or roller ball
- Drawers on downdraft model
- Additional system options available
- Full parts list and electrical schematics included
- On-site installation and training included
- Free lifetime remote support
